XGPON Combo OLT PON C+

FEATURES

? Compatible with GPON &XGPON system. Work in GPON & XGPON system simultaneously.
? XGPON: Single fiber bi-directional data links TX 9.95Gbps, RX 2.488Gbps application. GPON: Single fiber bi-directional data links
? asymmetric TX 2488Mbps/RX1244Mbps application
? 0 to 70°C operating case temperature
? 3.3V power supply
? SFP+ package with SC Receptacle connector
? Hot-pluggable capability
? XGPON: High power 1577nm EML LD & High sensitivity 1270nm APD. GPON: 1490nm DFB LD & High sensitivity 1310nm APD
? Support 20km transmission distance with SMF
? SD indication for GPON&XGPON
? Low EMI and excellent ESD protection
? Digital diagnostic monitor interface
? RoHS6 compliance

APPLICATIONS

? GPON OLT CLASS C+&XGPON D2 SFP+ OLT

STANDARDS

? Complies with SFF-8472
? Complies with ITU G.987.2
? Complies with ITU-T G.984.2
? Complies with FCC 47 CFR Part 15, Class B
? Complies with FDA 21 CFR 1040.10 and 1040.11
