
XGSPON Combo OLT PON C+

FEATURES

- ? Single fiber bi-directional data links TX 9.95Gbps, Burst Mode RX 9.95G/2.488Gbps application
- ? Single fiber bi-directional data links TX 2.488Gbps, Burst Mode RX 1.244Gbps application
- ? 0 to 70°C operating case temperature
- ? 3.3V power supply
- ? SFP+ package with SC Receptacle connector
- ? Hot-pluggable capability
- ? High power 1577nm EML LD and High power 1490nm DFB LD
- ? High sensitivity 1270nm/1310nm APD
- ? Support 20km transmission distance with SMF
- ? Rx_SD indication
- ? Low EMI and excellent ESD protection
- ? Digital diagnostic monitor interface
- ? RoHS6 compliance

APPLICATIONS

- ? XGS COMB PON N2 OLT
- ? GPON OLT

STANDARDS

- ? Complies with SFF Complies with ITU G.9807.1
